THE STATE OF QUEENSLAND
FOR THE YEAR
1962-63

PART B — PRODUCTION
Section i — RURAL PRODUCTION

Issued under Instructions from the Right Honourable the Treasurer by

K. M. ARCHER,
Commonwealth Statistician

Compiled by
S. E. SOLOMON,
Deputy Commonwealth Statistician and Government Statistician

BY AUTHORITY:

FOREWORD

The *Statistics of Queensland* has hitherto been issued in eight separate parts, each dealing with a section of statistics. The eight parts were prepared in such a form that they could subsequently be bound together to form a complete annual volume.

Starting with this 1962-63 issue, the parts will be issued as independent publications, and no annual volume will be published. Libraries and others may wish to bind these according to their own pattern, either as annual volumes or as volumes containing a series of particular parts.

Coverage of Statistics—

The particulars given in Divisions 2 to 5 of this Part are confined to operations on rural holdings of one acre or more used for commercial production of livestock and/or crops. Commercial poultry farming and commercial bee-keeping are included, however, even though the holding may be less than the stipulated one acre. Livestock kept on reserves, &c., by owners who occupy no holding are also included.

Period Covered—

Data relating to areas sown and production are in general for crops harvested during twelve months ended 31st March. Owing to seasonal differences, however, some variations have been made to this general rule. The actual period covered by the 1962-63 figures is shown for each crop in Table 14 on page 19.
